Grand Prix Kyiv - 07.09.2018 / Class CL2

Dear Sir or Madam,

We hereby would like to inform you about the conclusion of the report established by the President of the Commissaires' Panel further to the edition of your referenced event.

This report shows a quality organisation, respectful of the UCI rules and for which we congratulate you.

Below, you will find further comments:

Facilities

As the track seems not to be homologated, we would be grateful to receive more information about the facility.

Competitions

According to the article 3.8.003 of the UCI Rules and in compliance with the information received, we are pleased to inform you that your event can be maintained in the International Calendar in CLASS 2.

Event Analysis

Your race would deserve a Class 1 in terms of participation. Nevertheless, 5 nations should be participating in the CL1 races.

We draw your attention that some races have been relegated due to the low number of participating nations (Men Elite Team Pursuit, Women Elite Time Trial, Women Elite Keirin, Women Elite Team Sprint, Men Junior and Women Junior races).

The races with less than 3 participating nations fall in the competence of the national race.

For the next edition, we remind you that it is possible to register races in CL2 or in Class National.

Otherwise, it is necessary to ensure that 5 nations participate in the CL1 races.

We stay at your disposal for any further information you may require.

Turin Monia
Track Coordinator
