CITIES TO HOST UPCOMING UEC CONGRESSES

The Union Européenne de Cyclisme is continuing preparations for its forthcoming meetings. As well as the organisation of sporting activities, the UEC is focusing its attention on future meetings and sharing platforms with its National Federations.

The UEC Management Board has chosen the following cities for the annual meetings:

2020: 13/15 March: Tel Aviv (Israel)

2021: Odense (Denmark)

2022: Prague (Czech Republic)

Rocco Cattaneo, UEC President: «The UEC annual Congress is very important for our Confederation. This is a unique opportunity for constructive meetings resulting in the guiding policy for our activities.

Tel Aviv, Odense and Prague are cities that have the necessary facilities to host delegates from our 50 National Federations.

I would like to thank the Presidents of the Cycling Federations of Israel, Denmark and the Czech Republic as well as the Mayors of these cities for their commitment and support with the organisation of these Congresses.»
